March & April Edition

## Editorial

Welcome to the March/April edition of NIFSA News. It has been such a hectic few months we have had to combine the issues. The Northern Ireland Forest School Association is a recognised charity promoting outdoor environmental education. This month concentrates on promoting Forest School training days.

## Forest School Training

NIFSA is organising regional CPD days. They are aimed primarily at qualified Forest School Leaders or trainees that have undergone the NIFSA training. However, organisations wanting to become NIFSA Members are also welcome to attend.

All training courses start at 3.30pm.
